Pinal, Globe and Silver King Mail arrives at 12:45 p. m., and closes at 12:15 p. m.

Office Hours—From 9 a. m. to 1 p. m.; from 1:30 p. m. to 5 p. m., and from 6 p. m. to 7 p. m. Sundays from 11 a. m. to 3 p. m.

Home News.

Mr. R. G. Johnston has gone to Tucson to locate.

Frank Benard came down from the San Pedro this week.

Col. Ruggles has received a patent to the school lands in Florence.

Mr. Chas. Putnam, postmaster at Riverside, was in town this week.

Mr. and Mrs. Austin Denny, of Montezuma, were in town this week.

Bishop Salapointe, of Tucson, was here this week, the guest of Rev. Girard.

Mrs. W. H. Benson, of Pinal, was here this week, visiting her cousins the Misses Foreman.

Mr. W. C. Smith returned from Tucson Tuesday, and reports everything quiet at that metropolis.

The Silver King has a new waiter and cook and the edibles are served up there in metropolitan style now.

We are indebted to Eugene Esterbrook for a lot of splendid grapes from Mr. Aaron Mason's banner ranch.

Fred Moser, clerk of the District court has gone to California and Mr. E. Stanton is discharging the duties of clerk.

The company of Pinal police at the Sacaton agency, this county has been disbanded by order of the government.

A five inch steak of solid horn silver was struck in the Pioneer mine last week. The Pioneer is a premium property.

Mr. and Mrs. Ed. Lamore and Louie Remy spent the week at their cattle ranch, out in the Sautia Mountains.

Charlie Rapp serves up iced drinks now. He has a first-class refrigerator and keeps a good supply of ice on hand.

Mrs. Isaac D. Smith has gone to California to remain till the cool weather sets in. We hope she may have a pleasant visit.

Mr. Ben. Hall and wife, of Pinal, camped on the Gila this week, and speeded the hours pleasantly by hunting and fishing.

Mr. R. T. Nicholson, of Casa Grande, was in town this week and reports things moving along in the usual way at the railroad metropolis.

Mr. Aaron Mason reached New York "right side up with ears," last Saturday, and is now down at Boston interviewing the elephant of the "Hub."

There was an enjoyable dance at the court house hall Tuesday evening. It was gotten up by Johnny Deboise and some of the boys who have a penchant for dancing.

Mr. Frank Maxfield, of Mineral Hill was quartered at the Lewis House this week, with a mild attack of mountain fever, but is himself once more, we are pleased to note.

Chas. Tillman is fitting up shelves in the Treasurer's office for the new law library, belonging to the county. The shelving will be fourteen feet long and seven feet high.

Heavy local rains visited the mining district south of Casa Grande, the latter part of last week and prospectors will find a superabundance of water in the tanks at that region now.

Several new houses are in course of construction in the southern part of the town and several other parties are preparing to build. Florence is growing steadily.

The fruit crop of the valley is almost ready for the market. Grapes, figs and peaches are ripe and it will not be long before the pomegranate and other semi-tropical fruit will begin to turn.

Mr. and Mrs. Peter Gabriel left for Los Angeles, Cal., Tuesday. Mr. Gabriel will return at the expiration of two weeks, but Mrs. Gabriel will remain there till the end of the hot weather.

It would be good to see crowds of the elite, beautiful and fashionable people of the Pacific Coast, that throng the establishment of Uncle Harris, 221 Kearny, but. Bush and Sutter Sts.

We would call the attention of voters to the fact that they will not be permitted to vote unless they register. The registration of 1880 will not entitle them to a vote. The law requires a new registration.

Mr. C. D. Henry struck a good body of ore in the Apache Chief, at Mineral Hill, last week. He is sinking on the hanging wall, and the pay streak at the point where the shaft uncovered it is two feet wide.

The new shaft on the Cholla has tapped the hanging wall, at a depth of eighty feet and Mr. Hardesty is now cross cutting toward the foot wall, through a fine body of ore. He will probably commence to ship ore soon.

Mr. Parkinson, who was in copartnership with Mr. Sutherland at the Florence mill has left and the latter is now the sole proprietor. He is one of the best mill men on the coast and will continue to make a superior article of flour.

We invite the attention of Republicans to the call for a county convention to be held at the Court house on Tuesday, August 15. The call will be found at the head of our editorial columns. A full attendance is desired and Republicans in the different precincts are urged to be present to see that they are properly represented.

We are under obligations to Superintendent Stevens, of the Pinal Consolidated for some handsome specimens for the Enterprise cabinet. Also to Dan Crocker for some fine specimens from the Silver King.

Mr. W. H. Sutherland left for San Francisco, Sunday, to join Mrs. Sutherland who preceded him thither by several weeks. We trust that he will report himself as becoming a model citizen of this truly religious and highly moral burg.

Mr. W. L. Bailey received a fine new refrigerator, Tuesday, for his bar room at the Silver King Hotel. It is a very large one and the chest below the ice chest will hold about 100 bottles. He receives ice every other day from Tucson and always has a supply on hand.

Mr. McGonigal was down from Pinal Saturday. His partner and he have done well with their well boring machine. They have ordered through Jacob Suter a number of pumps for Pinal. They have also received orders from this place for a number of pumps.

Col. John Ruckelshausen has gone to Santa Monica, Cal., for his health. He caught cold in the mines this spring and the physicians recommended him to spend the summer months on the sea shore. The Colonel will have a gay time with the iads and lasses at Santa Monica.

The Seventy-Nine mine, the property of Mr. Geo. Scott, is developing into a magnificent property. The cross-cut at the bottom of the new shaft shows fifteen feet of carbonate of lead and the drift is still extending in ore. Prof. Hale pronounces it one of the largest mines in the Territory.

J. B. Ruple and the man Abbott, who was in jail here for a time, had a difficulty at a camp in the Santa Catalinas, last week, which resulted in the former receiving a wound in the wrist. He is now in the hospital in Tucson. Abbott was cleared on the ground of self defense.

Mrs. C. D. Henry, of Cottonwood, is here with the intention of remaining a month or so. Her husband and son are busy doing assessment work and were not willing to leave her alone at the camp all day; hence they brought her down here to remain till they shall have completed their work for '82.

Mr. Hammond returned from San Francisco this week and has commenced the work of erecting the new steam hoisting works at the Bilk. The shaft is down 300 feet. It will be driven a thousand feet without delay and is almost certain to tap the King Ledge at that depth as the latter pitches strongly to the west.

At a raffle for a fine guitar, held Tuesday evening, Fred R. Kittle threw for the ENTERPRISE and captured the instrument by a majority of one. There were twenty chances at \$1 per chance, and on the first round there were two thirty-eight throws. The tie was thrown and resulted in favor of the ENTERPRISE by 30 to 29.

Reports from the Riverside country say that the rain fall has been abundant in that section and as a consequence crops are good, stock is in splendid condition and things generally are in a very prosperous condition. That portion of the county, like all other sections of it, has a variety of interests and resources that combine to insure it a golden future.

Mr. Geo. Scott, of Riverside, is building a private school house which will be completed inside of ten days and school will commence as soon as the building is ready for use. He expresses the belief that it is better to educate his boys at home than to send them abroad. Mr. Scott has the kind of enterprise that builds up a community and makes progress certain.

A private letter from Capt. D. B. Hamilton, president of the Manufacturers' National Bank, Waterbury, Conn., contains the following compliment to the ENTERPRISE: "Let me assure you that I have read the ENTERPRISE with pleasure and regard it as one of the liveliest and smartest of newspapers with which I am acquainted."

Sheriff Gabriel contributed a very fine specimen of ore to the ENTERPRISE cabinet, Monday. It is from a new discovery made last week by James Elder. The ledge is a strong one and the ore looks rich. It has not been tested yet but will certainly run high. The claim is located near Riverside, and is called the Elder mine. Messrs. Gabriel and Elder are the owners.

Mr. C. W. Fuller has placed the ENTERPRISE copies under obligations by leaving in our sanctum a fine lot of melons and white figs grown at his ranch above Florence. The figs are from the second crop of this year and he expects to gather the third crop before Jack Frost makes his appearance. He raised three crops of figs last year. There is no better fruit country than the Gila valley.

Mr. Tillman's contract on the new jail and court house has been completed, and the work has been accepted by the Board. The new offices are to be plastered yet and will not be occupied by the officers till that work shall have been completed. This new addition to the court house will furnish office room for all the county officers and the new jail, which is by far the best one in the Territory will accommodate comfortably a dozen prisoners.

Dr. Harvey, J. J. Devine, Fred Adams and Charlie Rapp went up to Pinal, Tuesday, to see Mr. G. B. Kirby, but he died some hours before their arrival. As we said last week, Mr. Kirby was a fine specimen of manhood and his untimely death will be much regretted both at Pinal and here, where he had many warm friends and admirers. He was conscious of death's approach and made full preparation for his entry into the mysterious beyond. He was the recipient of every attention that friendship could offer or kindness suggest during his illness and could not have fared better had he been surrounded by relatives. The cause of his death was a broken leg.

The exploration work in the lower workings of the Silver King show an increasing richness and breadth of vein with a stronger pitch to the west. It is a pity that this wonderful mine is not worked on a broad gauge instead of a narrow gauge plan. It is capable of producing a million a month with proper handling but under the present plan of working it the expenses exceed the output. Unless some change shall be made dividends cannot hold out.

Mr. P. A. Brown passed through here Monday on his way to Denver. He succeeded in making a very good collection of ores which, together with those from the King, Volok and other mines, will make Pinal county's exhibit very attractive. We are inclined to believe that no county represented at the exposition will make a more valuable showing than will this smallest but best county in Arizona. Some may exhibit a larger collection, but not a richer one.

Mr. Geo. Scott, of Riverside, will leave here on the 4th of August for the Denver exposition to represent his own and other mines of this and Gila county. He goes at his own expense and kindly offers his services in forwarding and representing any exhibits that may be entrusted to him by mine owners of this section. This will be a good opportunity for those who have not shipped samples to have their properties represented. Mr. Scott is a thoroughly reliable and competent man and will do well for those who may avail themselves of his services.

Andy Hall came down from Globe Tuesday and says the Indian excitement has abated somewhat. Seven settlers have been killed in the Salt River country and several more are missing. Some of Maj. Chaffee's men had an encounter with the hostiles the latter part of last week and killed six. One soldier was killed and several wounded. The Indians at the reservation are behaving suspiciously and are liable to break at any moment. A small band of them visited the camp of some teamsters last week, without arms, took possession of the teamsters' animals while the latter were at supper and then ordered the boys to "skip." The order was promptly obeyed but the red devils opened fire on the retreating whites and killed one man. They then collected the horses and mules together and drove them off. Most of the stock has been recaptured, however.

SUMMONS.

In the District Court of the Territory of Arizona, in and for the County of Pinal.

The SINGER MANUFACTURING COMPANY, Plaintiff, vs. F. C. GRIFFIN & W. K. MEADE, Defendants.

Action brought in the District Court of the First Judicial District of the Territory of Arizona, in and for the County of Pinal, and the complaint filed in said County of Pinal, in the office of the Clerk of said District Court, at Florence.

The Territory of Arizona sends greeting to F. C. Griffin and W. K. Meade.

You are hereby notified to appear in an action brought against you by the above-named plaintiff, in the District Court of the First Judicial District of the Territory of Arizona, in and for the County of Pinal, and to answer the complaint filed therein, within twenty days (exclusive of the day of service) after the service on you of this summons—if served within this county; or, if served out of this county, but in this district, within thirty days; otherwise, within forty days—on judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain a decree of this court for the foreclosure of a certain mortgage, described in the complaint, that all of which will fully appear by reference to the complaint on file herewith, a certified copy of which accompanies this summons.

And you are hereby notified that if you fail to appear and answer the said complaint, as above required, the said plaintiff will apply to the court for the relief demanded in the complaint.

Given under my hand and the Seal of the District Court of the First Judicial District of the Territory of Arizona, in and for the County of Pinal, this 26th day of April, in the year of our Lord one thousand eight hundred and eighty-two.
